

MLB Cy Young Data & Stats

NL Cy Young **WINS**

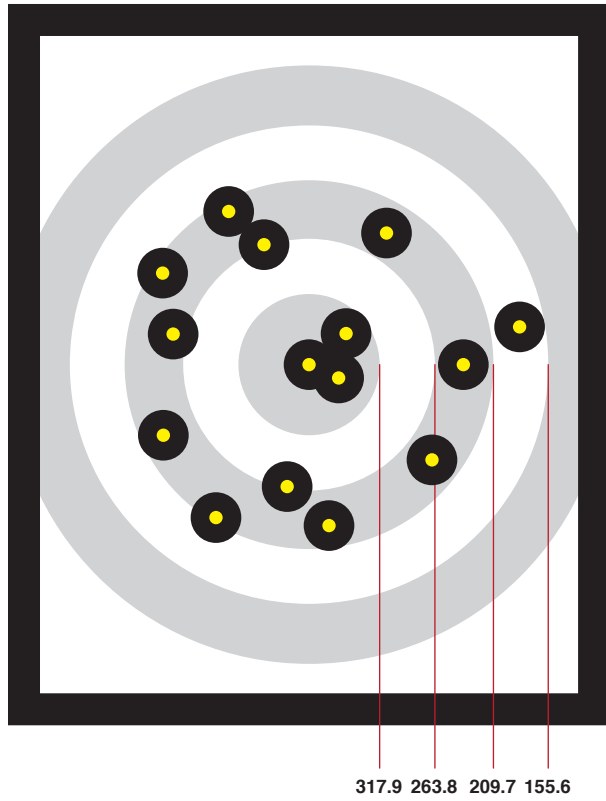

AL Cy Young **WINS**

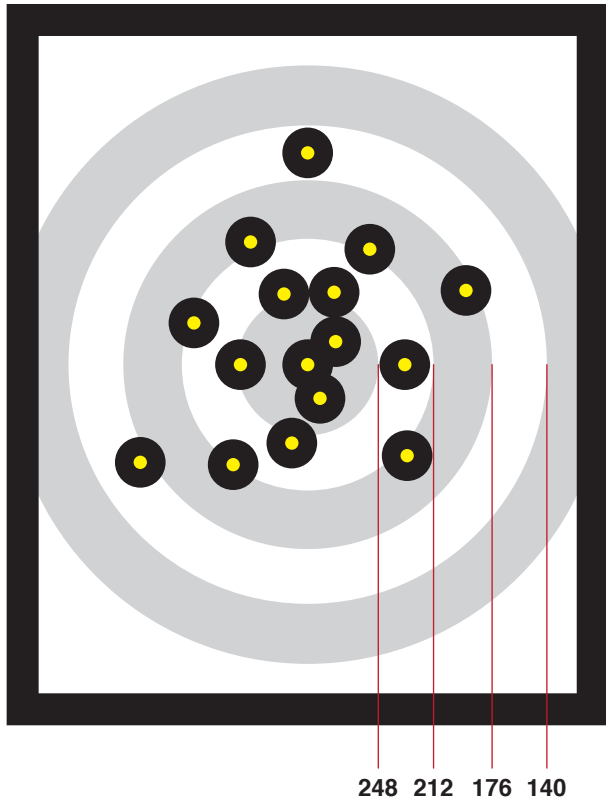

Data gathered and adapted for a visual comparison of the Cy Young winning performances between the 2000-2015 seasons.

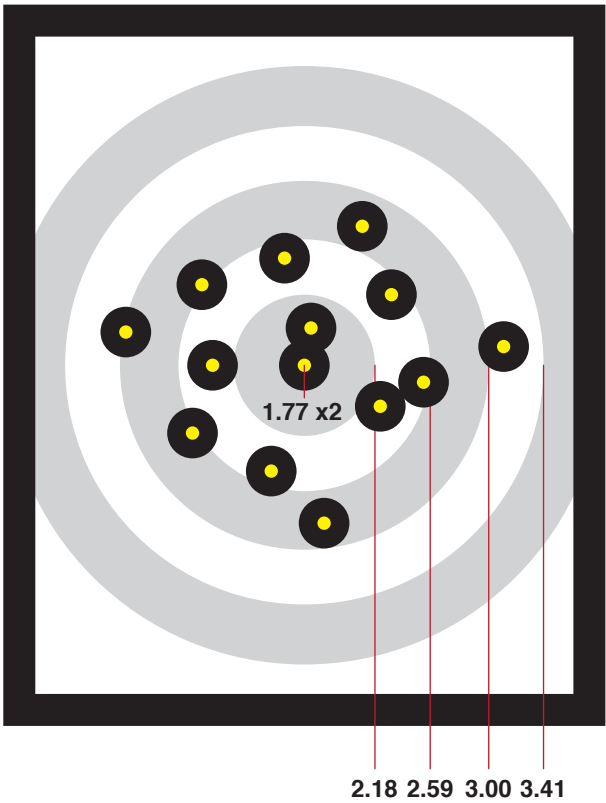

NL Cy Young **K's**

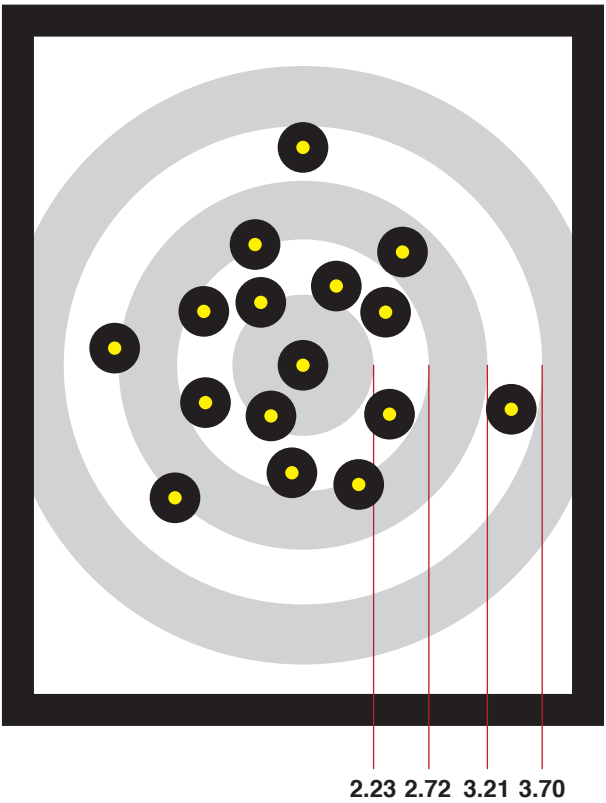

AL Cy Young **K's**

NL Cy Young **ERA**

AL Cy Young **ERA**

*Note: 2003 NL Cy Young winner, Eric Gagne, was not included in this data set and visualization. As a closer, his outlier stats would have skewed the normal distribution of data.

Standard deviations were calculated separately for the National League and the American League in each of the following categories: WINS, K's and ERA. The standard deviations have been marked by the spaces in between the numbered segments. For each category, the data has been distributed in relation to the most outstanding number (center) within the appropriate standard deviation segment.
